Mr. Charlie Day
3101 Imperial Drive
Gastonia, NC 28054

Dear Mr. Day:

Many thanks for your kind letter expressing your enthusiasm for the QL. As you can imagine, we are very proud of the machine and anxious to make it available to people like you.

In response to your request for information, I am enclosing a QL brochure and also a Users Guide. This copy of the Guide is being circulated to user group journalists like yourself, and we would appreciate your returning it so that it may help out another group.

We cannot take orders for the QL until we receive FCC certification. Our hope is to send a first batch order blanks to customers at the end of November - start of December. Your fellow members can be added to our direct mail list by sending a postcard to our Boston address.

Hope this helps - thanks again for supporting us in the field.

Yours sincerely,

Mary E. Reinman
